**Re: *Pay Equity Act*- New Position of the APTS**

---

The APTS has amended its pay equity Act in light of the observations and comments formulated by its members. Indeed, last July, we sent you a copy of the First Posting of the Pay Equity Act, giving you until September 15 to formulate your comments on its content or request additional information. The notice pursuant to First Posting outlines the new position of the APTS, which takes your views into account.

**Work in progress**

The members of the APTS Equity Committee are still hard at work. They regularly attend meetings with government representatives, to determine the value of the job classifications of APTS members. They have also conducted about a hundred new questionnaires over and above the 500 done in 2002. They are now at the stage of analyzing the information submitted by the members, who we would like to thank for their invaluable cooperation on the pay equity file.
